

Examples of CPD activities in 2010

CHARTERED GEOGRAPHER – Continuing Professional Development Record 2010		
Activity	Details (Location, dates, reference, role e.g. presenting or attending)	Hours/points
EXTERNAL		
Conferences, seminars, courses (maximum 5 hours per day for conferences)		
presenting papers	Esri International User Conference, San Diego, 12 – 16 July 2010 - presented a poster in the Map Gallery AGI GeoCommunity 2010 - Written Paper & Presentation Westminster briefing – presentation on INSPIRE	3 5 5
leading/facilitating discussions	Leading Urban Photographic walks, for Thames Discovery Programme, throughout 2010 AGI SIG, London, 30 June 2010, as SIG membership secretary I facilitated the discussions Facilitator. Irish INSPIRE Stakeholder Meeting AGI Cymru 2010, Cardiff (Part of organising team) Leading focus group discussions on the future of Ordnance Survey large-scale topographic content – 4 events	15 3 2 7 20
attendance relevant to professional expertise	The Institute of Economic Development (IED), Hull – ‘Gateways to the Future’, Annual Conference - 6 October 2010 Earth Sciences in the 21st Century 2 day workshop – 18/19th January: Geological Society Attended open data masterclass run by UCL / Nottingham with presentations from Talis, ESRI, OS and Cabinet Office. Undertook hands-on training with opensource GIS EuroSciPy: Annual European conference for scientists using Python, July 2010, Paris, France. Web Seminar - ArcGIS 10: A new perspective on GIS AGI GeoCommunity 2010 (attending) ESRI UK Annual Conference 2010 Post Graduate Certificate in Management - Managing People workshop ‘Crossing Thresholds’ career development programme for women in the civil	5 10 5 10 1 5 7 10 20

	service – Jan-Nov 2010 Oracle Spatial Advanced Training Bing Maps Showcase Event MapAction training AGI Northern Group Committee meeting Open Street Map Conference	10 5 4 2 8
Lectures given	City University MSc Course – Disaster Management 'GIS and Social Data' presentation to 200 yr 9 geography pupils Lecture provided to 6 th form students at a local college, on Flood Risk Mapping	2 2 5
Publications	Reading professional journals/websites to keep up-to-date with latest developments in the field of GI and GIS	6
Books	<i>Geographies of the Book</i> (Ashgate, 2010 – co-editor) Book review in <i>Geomatica</i> ; refereed 4 papers for <i>Survey Review</i>	c. 100 14
Papers, chapters	Two short papers in edited books and one paper in an e-journal Publication in Quarterly Journal of Engineering Geology and Hydrogeology – peer reviewed journal	25 15
Reports	Author/contributor/peer reviewer to reports related to ongoing and new commissions associated with consultancy activities	25
Consultancy		
Advice	Durham University Institute of Hazard Risk and Resilience Advisory Council Meeting Advice to academic colleagues visiting from Japan related to Geography Education in UK Provided advice to government and business leaders hoping to develop renewable wind energy projects in Vietnam	5 10 5
Mentoring	Mentoring of new staff in terms of developing their own CPD portfolio PhD Supervision – I am currently supervising one PhD Student Mentoring of junior staff in Environmental Consultancy both as role in senior management of company's environmental team and on a project-by-project basis. Mentoring junior GIS staff in Remote Sensing	10 5 1 1
Expert witness	Evidence submitted to House of Commons Transport Committee Specialised map developed to show a Judge the restrictions to be placed on a known violent football supporter Interviews (BBC Look East and Radio Norfolk– ref Iceland eruption)	3 3 4
Chartered Geographer		
Mentoring	Meeting with post graduate student re advice on career options and training	1

	options Advice / assistance given to colleague starting chartered geographer status process	2
Assessment	Assessment of applications and attendance at Initial Assessors meeting	5
Promoting the Scheme	Referee to four CGeog applicants	1
	Promotion through AGI Council and AGI Cymru	2
	Assisted several colleagues with advice relating to Chartered Geographer status and promoting the scheme	1
	Preparing and delivering a talk and writing accompanying documents	4
INTERNAL		
Seminars, courses		
Leading, chairing	Having attended an interesting training day on open source GIS and spatial data at UCL. I put together a summary with examples for the staff of the conservation science group to make them aware of data and software they can access for their research.	2
	Training of 1 staff member in use of MapInfo Professional GIS (delivering)	1
	Delivery of "Introduction to GIS" training courses x 3	9
	GIS Internship – Mentoring	10
	Lecture on GIS internally to IT Project managers	3
Attendance for training	Applied Hydrology - 2 day refresher course, providing the understanding of basic hydrology and applying it in practice to our day to day work.	10
	Training on Blackboard 9 VLE software	2
	Project Management Level 2 Training	5
	Environmental Management Systems Refresher	5
	Flood Risk Management in Ireland Lunchtime Presentation	1.5
	Internal web conference "Applying Geography"	1
	3 day Senior Management 'Leadership of Change' course	15
Leading field trips	Change in the City, Bristol, two days	10
Research		
Data collection	Field visit to Lake District to undertake repeat measurement of landslide scar evolution using monumented cross sections	5
	Project managed the installation of two new hydrometric flow gauges	25
Analysis	Provided GIS research design advice and wrote initial python code to start analysing large global dataset.	4
	Assisted with Evidence project looking at 'Validation of Probabilistic Flood Models', testing the methodology using local case studies and reviewing outputs.	5
Internal communications		

Web site development	Created ESA land training course website 2011 Krakow Poland Update GIS intranet page Review and testing of upgraded software for internet and intranet mapping services Established Twitter feed as a way of engaging and informing students on course-related issues Oversaw redesign of company website	20 1 35 5 3
Reports	Write Business Development Strategy Development of geopolitical boundaries updates for clients, based on internal research.	15 20
Resource development	Advanced land training course web pages programme, lectures, practical session manual, datasets access to software tools Development of resources, particularly those concerning the teaching of geography Production of new "Environmental Assessment Forms (EAF)". This document is presently being reviewed prior to be being accepted and released for public use.	30 5 10
Publications		
Articles, reports	Internal report about the development of new police patrol strategies - GIS based analysis and subsequent report written to contribute to the new fiscal arrangements for policing the area Laser scanning special report for rail industry magazine Author of Update to Policy "Assessing and Mitigating Visual Impacts"	20 1 10
Papers, lectures	Presentation on the use of GIS for flood modelling Preparation of book chapter on Stabilisation Lunchtime presentations delivered to colleagues on GIS applications and basics	1 20 3
