

Small Research Grant recipients

● 2008 - 2014

- **2014:** Dr Matej Blazek (Loughborough University). Life trajectories and experiences of young Somali women in the UK: subjections, subjectivations and the routes to citizenship (20 IGC and Jasmin Leila Award)
- **2014:** Dr Benjamin Coles (University of Leicester). Securing Food Futures in Times of Austerity
- **2014:** Dr Peter Hemming (Cardiff University). Faith-Based Schooling in Rural Communities
- **2014:** Dr Lisa Mol (University of Cardiff) Rock weathering in the Arctic – how does it work?
- **2014:** Dr Sandra Nogue (University of Oxford). Tracking the range limits of the Subtropical Laurel forest in Cape Verde
- **2014:** Dr Thomas Smith (King's College London). Improved assessment of emissions from peat swamp fires: new emission factors for REDD+ projects in tropical peatlands (20 IGC)
- **2013:** Dr Rebecca Alice Hodge (Durham University). Quantifying the controls on sediment patch formation in bedrock rivers using a scaled physical model - Cumbria, UK (20th IGC)
- **2013:** Dr Joanna Nield (University of Southampton). The dynamic behaviour of salt crusts on dust producing playas – Namibia
- **2013:** Dr Nick Cutler (University of Cambridge). The little things matter: microbes of the boreal bryosphere – Sweden
- **2013:** Dr Saska Petrova (University of Manchester) Energy vulnerability and alternative economies in Northern Greece
- **2013:** Dr Isla Forsyth (University of Nottingham). Dwelling in the Desert: Ralph Bagnold, Desert Exploration and Covert Warfare Cambridge and London
- **2013:** Dr Philippa Williams (Queen Mary University of London). Citizenship beyond territory? Political transnationalism and material cultures of identity documents amongst the UK Indian diaspora - Uk and India
- **2013:** Dr Helen Wilson (University of Manchester). Intercultural dialogue and diversity training in Europe: examining the mobilisation of a US intervention model - London, Zurich, Bern and Basel (Jasmin Leila Award)

- 
- **2012:** Dr Sarah Mills (Loughborough University). 'Advance again!': Post-war youth culture and the Jewish Lads' Brigade 1945-1969 – UK
 - **2012:** Dr Fiona McConnell (University of Cambridge). Diplomacy on the Margins: Unrepresented Nations and the Negotiation of Legitimacy - The Hague, Brussels (20th IGC)
 - **2012:** Dr Angharad Saunders (University of Glamorgan). 'The Author's Craft': geographies of influence and inspiration in the practice of writing – UK
 - **2012:** Dr Ivan Scales (University of Cambridge). The 'biofuel complex' and the emerging political economy of agriculture in Senegal (20th IGC)
 - **2012:** Alex Singleton (University of Liverpool). Estimating Emissions Linked to the School Commute in England (EPSRC)
 - **2012:** Dr Lucy Clarke (University of Hull). Geomorphological response of alluvial fans following major avulsions – UK
 - **2012:** Dr Darrel Swift (University of Sheffield). Sedimentological and geophysical investigation of debris structures and englacial drainage pathways at an overdeepened glacier – Iceland
 - **2012:** Dr Lauren Coad (Oxford University). The movement ecology of human bushmeat hunters: predicting hunter behaviour and landscape use in Central Gabon, Africa
 - **2012:** Dr Rachel Granger (Coventry University). A Post-Recession Perspective on Capital Switching: Changing Investment Patterns in Western Cities - UK, USA and Australia
 - **2012:** Dr Caleb Johnston (University of Glasgow). Performing Citizenship: politics, tactics, and adivasis rights in Ahmedabad, India (Jasmin Leila Award)
 - **2011:** Nicolas Malleon (University of Leeds). Developing an advanced agent-based model for improving crime reduction policy
 - **2011:** Justin Spinney (University of East London). Travel choices and parenting practices: consumption, culture and mobility (Jasmin Leila Award)
 - **2011:** Paul Simpson (University of Plymouth). The perception of the cycling environment: infrastructure, atmospheres and experience
 - **2011:** Matthew Blackett (Coventry University). Reconstructing the volcanic eruption of the Fasnía volcanic complex, Tenerife, using both field and remotely sensed data.
 - **2011:** Federico Caprotti (University of Plymouth). Investigating the role of cleantech business and industrial clusters in the promotion of low-carbon economy transitions in the Tianjin-Binhai New Area (Tianjin Eco-City) (EPSRC)

- 
- **2011:** Dr Alistair Seddon (Oxford University). Local endemics or rare ecological specialists? Are the Galápagos Islands isolated for diatoms?
 - **2011:** Hilary Geoghegan (University of Exeter). Environmental volunteering and the Wetland Bird Survey (WeBS) in Cornwall, UK
 - **2010:** Mark Paterson (Exeter University). In the Footsteps of the Blind Traveller: An historical geography of non-visual exploration
 - **2010:** Linda Price (Queen's University, Belfast). The Women's Land Army (including Timber Corps) during World War Two: Remembering potential challenges to geographies of gender
 - **2010:** Andrew Davies (University of Liverpool). Maritime Spaces in Anti-Colonial Politics: The Royal Indian Naval Mutiny 1946
 - **2010:** Richard Gale (University of Cardiff). Street Corner Conviviality? Neighbourhood Diversity and Social Network Formation - UK
 - **2010:** James Evans (University of Manchester). Assessing the use of living labs in urban sustainability research – USA (EPSRC)
 - **2010:** Stephen Burrow (University of Bristol). Investigating basal hydrology of the Greenland Ice sheet using an electronic tracing technique (EPSRC)
 - **2010:** Timothy Douglas James (Swansea University). Remote monitoring of calving front dynamics for improved predictions of the future of the Greenland Ice Sheet (EPSRC)
 - **2010:** Suraje Dessai (University of Exeter). How do UK stream-flow projections compare with recent observations? (EPSRC)
 - **2010:** Tim Harries (Kings College London). An exploration of the factors influencing small business adoption of flood resilience measure (EPSRC)
 - **2010:** Kerry Holden (Kings College London). Science in Africa: examining the UK's role in promoting environmental governance in the Ugandan Parliament (EPSRC)
 - **2010:** James Bennet (Coventry University). Institutions and rangelands: struggles over commons governance in the communal grazing lands of South Africa (20th International Geographical Congress Award)
 - **2010:** Tim Harries (Kings College London). An exploration of the factors influencing small business adoption of flood resilience measure
 - **2010:** Tim Harries (Kings College London). An exploration of the factors influencing small business adoption of flood resilience measure
 - **2009:** Dr Kathryn Yusoff (Exeter University). Towards a cultural impact assessment of Ilulissat Icefjord, Greenland

- **2009:** Dr Frans Schrijver (University of Sheffield). Immigrant citizenship practices in Barcelona: negotiating participation and belonging in a multi-level polity - Spain
- **2009:** Dr Stuart A Dunning (Northumbria University). Sediment dispersion from breached landslide dams – New Zealand
- **2009:** Dr Jen Dickinson (University of Leicester). Indian expatriates in Kenya: Negotiating Indian diasporic heritage
- **2009:** Dr Hawkins (Exeter University). Engaging environments? New media landscape art made in Cornwall
- **2009:** Dr Alison Jane Heppenstall (University of Leeds). Evaluating the use of agent based modelling for creating synthetic population data - UK
- **2009:** Dr Andrew Harris (University College London). New cultural silos: investigating urban art districts in Argentina (20th International Geographical Congress Award)
- **2009:** Dr Katherine Brickell (Royal Holloway, University of London). Home dissolution and family change: Gendered experiences of separation and divorce in rural Cambodia (20th International Geographical Congress Award)
- **2009:** Dr Ruth Evans (University of Reading). Young people caring for their siblings in child- and youth-headed households: participatory feedback and dissemination of pilot research in Tanzania and Uganda (Jasmin Leila Award)
- **2009:** Dr James Bendle (University of Glasgow). Monitoring seasonal biomarker and isotopic signals in Lake Kuttara, Japan: application for an automated time-series sediment trap (EPSRC)
- **2009:** Dr Wouter Buytaert (University of Bristol). Towards improved downscaling of climate change predictions in the tropical Andes – Ecuador (EPSRC)
- **2009:** Dapeng Yu (Loughborough University). Generalization of the impacts of structural features on urban flood inundation under climate change scenarios using experimental topographies and 2D flood inundation models – UK (EPSRC)
- **2009:** Dr Caetano C. Dorea (University of Glasgow). Towards a holistic strategy for the sustainable design and implementation of sanitation programmes – Indonesia (EPSRC)
- **2009:** Dr Stefan Krause (Keele University). Investigating the impact of spatial streambed connectivity patterns on aquifer-river exchange fluxes in lowland rivers – UK (EPSRC)
- **2009:** Dr Lisa J Davison (Loughborough University). Great Britain: An alternative travel destination? (EPSRC)
- **2009:** Dr Kirk Harland (Leeds University). Using agent-based modelling for education planning – UK (EPSRC)

- **2009:** Dr Jinyan Wang (University of the West of England, Bristol). Developing collaborative link between UK and China for Sustainable Masonry Arch Bridge Technology (EPSRC)
- **2008:** Sallie Burrough (University of Oxford). Palaeolithic mega-lakes and early human occupation of the Kalahari, Southern Africa - Botswana
- **2008:** Dr Samuel Randalls (University College London). Saws, sonar and submersibles: exploring the underwater logging industry – Canada
- **2008:** Dr Katie Szkornik (Keele University). Holocene sea-level change in the Dyfi estuary, west Wales
- **2008:** Dr Clare Herrick (King's College London). Consumed by risk: building the qualitative and comparative links between obesity and alcohol research in health geography - UK
- **2008:** Dr Richard Hornsey (University West of England, Bristol). The bureaucratisation of everyday movement in 1930s London
- **2008:** Dr Sean Carter (Exeter University). Photojournalism and the early cold war: Popular geopolitics and the Picture Post, 1945-1953 - UK
- **2008:** Dr Gavin Brown (Leicester University). The place of aspiration: emotional geographies of young people's ambitions for adult life - UK
- **2008:** Dr Andrea Nightingale (University of Edinburgh). Landscapes of democracy: the cultural politics of governance in rural Nepal
- **2008:** Dr Leah Gibbs (University of Glasgow). Environmental knowledge production and water governance in the global south - Tanzania
- **2008:** Dr Charlotte Lemanski (University College London). The voices of the poor in urban governance: overlapping spaces of community-level political participation in South Africa
- **2008:** Dr Claire Herrick (King's College London). Consumed by risk: building the qualitative and comparative links between obesity and alcohol research in health geography – UK (Jasmin Leila Award)
- **2008:** Dr Caitlin DeSilvey (Exeter University). Managed retreat: locating Britain's crumbling coastal heritage (EPSRC)
- **2008:** Dr James Bendle (University of Glasgow). A biomarker survey of lakes in Hokkaido (Japan): application for a Kajak sediment sampler (EPSRC)
- **2008:** Dr Damia Vericat (University of Wales, Aberystwyth). Long-term morphological changes in Welsh regulated rivers under distinct impoundment configuration (EPSRC)
- **2008:** Dr Janet Dickinson (Bournemouth University). Slow tourism for a lower carbon future - UK (EPSRC)

● **2008:** Dr Kirk Harland (University of Plymouth). Environmental discourse and cleantech technology: the case of wind power in Shanghai, China (EPSRC)

● **2008:** Dr Larissa Naylor (Exeter University). Has Rock Coast vulnerability been underestimated? - UK (EPSRC)
