SELF MEASUREMENT FORM.

Instructions for Self Measurements.

1. For each of the measurements, ensure the subject is relaxed and seated comfortably.

2. All measurements should be taken at the baseline level, ensuring the subject is standing up straight.

3. The head should be held in a natural position, with the neck extended.

4. The measurement should be taken at the highest point of the neck, ensuring the head is held in a natural position.

5. The arm should be held in a relaxed position, with the elbows extended and the hands resting beside the body.

6. The leg should be held in a natural position, with the knee slightly bent and the foot flat on the ground.

7. All measurements should be taken in millimeters, with the subject remaining still throughout the process.

E.P. Hillary

Measurements in shirt and trousers:

- Height: 6'11.5"
- Neck: 16"
- Shoulders to top of head: 15.5"
- Shoulders across back: 19.5"
- Neck: 16.5"
- Chest: 46.5"
- Waist: 35"
- Hip: 46"
- Inside leg: 39.5"
- Outside leg: 46"

Problems in fitting:
- I am unusually long from shoulder to tip of head.
- Feet are unusually small.
- Head circumference: 23.5"

(Notes and additional comments)
Copy of a message received from COL. HUNT, MANNHEIM.

Forwarded to the British Embassy, Nepal, Kathmandu.

Snow condition bad. Human expedition abandoned advance base on 20th and awaiting improvement being all well.

BAND: South Col untenable
