Why do people not have enough food?

- Civil Wars
- Climate Change
- Corrupt Government
- Unfair trade
- High Food Prices
- Farmland used for biofuel crops instead of food crops
- Farmland in poor countries used to grow food for rich countries e.g. UK
- Natural disasters e.g. floods, droughts and fires
- Farming problems:
  - Poor soil
  - Lack of water
  - Poor farming techniques
  - Farm too small
  - Land tenure (ownership)
  - Lack of cheap credit
- Climate Change
- Poor soil
- Lack of water
- Poor farming techniques
- Farm too small
- Land tenure (ownership)
- Lack of cheap credit
