New Editor(s) for *Transactions of the Institute of British Geographers*

The Royal Geographical Society (with IBG) wishes to appoint a new Editor(s) to *Transactions of the Institute of British Geographers*. We welcome applications for co-Editorship as well as applications from individuals. The current Editor, Professor Gavin Bridge, Durham University, completes a three year term at the end of 2015.

The new Editor(s) will be an internationally renowned scholar who has excellent networks worldwide and a broad interest in, and support for, the full range of research work undertaken in geography, especially at the highest international standing. They will have a commitment to attracting the best authors to publish in *Transactions* and to spending the time needed to perform as a pro-active Editor, including actively encouraging submissions and promoting the journal, as well as a sympathetic and diplomatic approach to authors and referees.

*Transactions* is one of the foremost international journals of geographical research. It publishes the very best scholarship from around the world, across the whole range of the discipline. In particular, the distinctive role of the journal is to stimulate and shape the research agenda in geography; publish 'landmark' articles that make a major theoretical, conceptual or empirical contribution to the advancement of geographical understanding; publish formative papers across the whole spectrum of research in geography; act as the leading record of the intellectual development of the discipline; identify and debate connections between geography and other disciplines.

*Transactions* is one of four academic journals of the Royal Geographical Society (with IBG); the others are *Transactions of the Institute of British Geographers*, *The Geographical Journal* and *Geo: Geography and Environment*. The RGS-IBG also publishes a Book Series, and *WIRES Climate Change* is published in association with the Society.

*Transactions* is published by Wiley, and administration of the submission and peer review processes are managed on-line using ScholarOne Manuscripts. A full-time Managing Editor based at the RGS-IBG supports the four journals.

Letters of interest and plans for *Transactions*, along with curriculum vitae and names of two referees who could provide letters of support, should be submitted by **13 July 2015** to Dr Catherine Souch at the Research and Higher Education Division of the RGS-IBG (+44 (0)20 7591 3020 or rhed@rgs.org). We encourage applications for co-Editorship as well as applications from individuals. All applications will be treated in confidence. Interviews will be held in August/September 2015 to allow for a significant overlap with the current Editor. A modest honorarium is awarded. The term will normally be for five years, effective 1 January 2016.

For further details of the role, please contact Dr Catherine Souch, RGS-IBG (contact information above) or Professor Gavin Bridge (g.j.bridge@durham.ac.uk).
