

● Gold Medal recipients

The Gold Medals (Founder's and Patron's Medals) originated as an annual gift of 50 guineas from King William IV. It was awarded for the first time in 1831, for the encouragement and promotion of geographical science and discovery. In 1839 the Society decided that this sum should be converted into two gold medals of equal value, to be designated the Founder's Medal and the Patron's Medal. Today both Medals are approved by His Majesty The King.
