Ocean exploration Learning Goals

1

To identify different ways in which people use the sea.

2

Think about how people have used the oceans over time.

3

Look at notable people who have used the oceans in different ways.

4

Reflect on how we might use the oceans in the future.

Key Terms

Oceanographer ~ Discoveries ~ Stewardship

Using the ocean

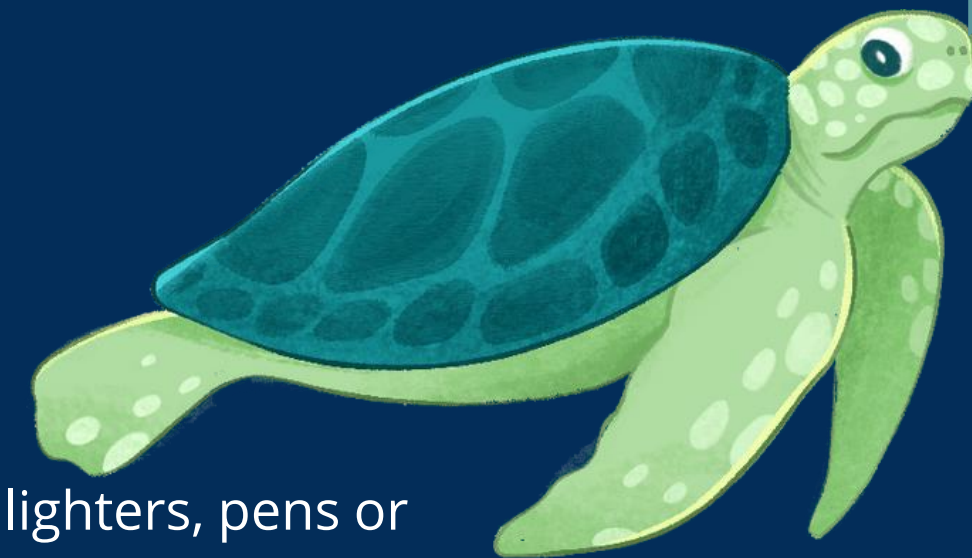

Task 1

Complete the timeline using the information you have on how people have used the oceans.

Task 2

Classify your timeline using coloured highlighters, pens or pencils to show the different uses humans have for the oceans.

Challenge: what patterns do you notice? Why do you think that is?
